Governor's Ridge Office Park Summary

Governor's Ridge is the largest office condominium association in the metro Atlanta area, and serves a broad range of professional firms. The office park benefits from exposure on Powers Ferry Road and has its own dedicated stoplight entrance.

The Williamsburg-style buildings were built in 1984, and the park-like grounds offer mature Bradford Pear and Cherry Blossom tree-lined avenues and well-manicured lawns. The parking is abundant.

Area amenities include abundant restaurants, hotels, conference centers, athletic clubs, and shopping. The property is in close proximity to the Chattahoochee River National Recreation area, and adjoining jogging trails.

The office park is opposite the 2.4 million square foot Class "A" office complex, Wildwood, which will eventually include over 5 million square feet of office space. The Governor's Ridge location provides convenient access to both I-75 and I-285. Distance to Downtown is approximately 10 miles.
